Admission to the University

Mr. Beckett Howorth, director of admissions • Martindale Center • (662) 915-7226 • FAX (662) 915-5869 • admissions@olemiss.edu

Admission to the University is administered under policies established by state law, the Board of Trustees of State Institutions of Higher Learning, and the University’s faculty. Admission requirements are subject to change without notice at the direction of the Board of Trustees.

Applications • Application forms for enrollment on the Oxford, Southaven, or Tupelo campuses as an undergraduate may be obtained from and submitted to the Office of Admissions, The University of Mississippi, University, Mississippi 38677; for the Graduate School, to the dean of the School of Graduate Studies, The University of Mississippi, University, Mississippi 38677; for the School of Law, to the Director of Admissions, School of Law, The University of Mississippi, University, Mississippi 38677. An application for undergraduate admission also may be transmitted electronically through the University’s World Wide Web site at http://www.olemiss.edu/admissions/undergrad.html.

Off-campus Sites • The University of Mississippi offers undergraduate classes at various locations including Tupelo, Southaven, Jackson, and other sites. Degree credit earned at these locations will be treated as residence credit and appear on the student’s permanent academic record. Students at off-campus sites must meet regular admission requirements and be accepted for admission to the University.

Application Deadlines • Applicants for admission (undergraduate or graduate) are advised to submit the application for admission well in advance of the period in which enrollment is sought. Applications are accepted as early as one year prior to the desired enrollment. It may not be possible to evaluate applications received later than 20 days prior to registration; late application may require the applicant to register after classes begin.

Application Fee • A nonrefundable application fee of $25 is required of new nonresident students. Payment should be submitted in the form of personal check or money order along with the application for admission. There is no application fee for Mississippi residents.

Immunization Requirement • The Board of Trustees of State Institutions of Higher Learning, in cooperation with the Mississippi State Board of Health, requires all entering students born after January 1, 1957, to submit proof of two immunizations for measles and one for rubella prior to registration. Immunizations must be given after one year of age. Forms for documenting immunizations or establishing an exemption to the requirement are available from the Student Health Service office and will be sent to students upon admission.
**FRESHMAN ADMISSION**

**College Preparatory Curriculum** • Admission of entering freshmen is based on the completion of the College Preparatory Curriculum (CPC) specified below with either a specific minimum grade-point average (GPA) or both a specific GPA and minimum standard test score. Students must submit a **high school transcript** reflecting satisfactory completion of the following high school course requirements. (Provisional admission may be granted after six semesters of high school provided the transcript indicates that courses to complete the CPC are underway; final admission will require a complete transcript.)

Regular Admission • Regular admission will be granted to the following:

1. All students completing the College Preparatory Curriculum (CPC) with a minimum 3.20 high school GPA on the CPC.
2. All students completing the CPC with a minimum 2.50 high school GPA on the CPC and a minimum score of 16 on the composite ACT (or 760 on the SAT).
3. All students completing the CPC with a class rank in the top 50 percent and a minimum score of 16 on the composite ACT (or 760 on the SAT).
4. All students completing the CPC with a minimum 2.00 high school GPA on the CPC and a minimum composite score of 18 on the ACT (or 860 on the SAT).
5. All students who meet full-qualifier certification requirements for the National Collegiate Athletic Association (NCAA). This option is available to all freshman applicants.

Admission Requirements for Engineering and for the Professional Program in Pharmacy • Freshman admission requirements for engineering and for the professional program in pharmacy differ from general admission requirements. Please see the engineering and pharmacy sections of the catalog for details.

Minimum Test Scores • Students whose ACT subtest score in reading, English, and/or mathematics is less than 17 (or SAT verbal and/or mathematics score is 390 or less) are required to enroll in an appropriate developmental course during the first semester of enrollment and to remain in the course until receiving a passing grade or until passing the placement exam administered by the Department of Developmental Studies. Students with ACT subtest scores of 17, 18, or 19 are encouraged to enroll in developmental courses. Those students who enroll in two or more developmental courses also are required to complete two semesters of Developmental Support Lab (see below). Enrollment in developmental courses is limited to students with subtest scores below 20 except with permission of the department. Developmental courses completed at other post-secondary institutions before enrolling at The University of Mississippi may be considered to meet developmental requirements.

Other Admission Criteria • Residents of Mississippi who do not meet the admission requirements stated above may enter the Academic Screening Program (counseling and testing) held on campus and at other designated locations prior to the beginning of the first summer session. Such counseling will consider student interests, special skills, experiences, and other non-cognitive factors. After counseling, students will take a computer-based examination (Mississippi College Placement Examination, MCPE) to assist the University in the admission decision. Students who pass the MCPE will be admitted for the fall term and will be encouraged to participate in the Developmental Support Lab during the first two semesters of enrollment. This admission option also is available to children of alumni of The University of Mississippi who reside out-of-state and to residents of Shelby County, Tennessee, if such students have at least a 2.0 overall final high school grade point average.

Summer Developmental Program • Mississippi residents or children of University of Mississippi alumni who are not successful on the MCPE may be admitted to the Summer Developmental Program. This intensive program concentrates on those high school subject areas (writing, reading, mathematics) that are crucial to success in first-year college courses. Students who successfully exit the summer program may continue in the fall term with the requirement of participation on the Developmental
Support Lab during the fall and spring semesters. Students who do not pass the Summer Developmental Program are counseled to explore other post-secondary options, including those offered by two-year colleges which prepare students for transfer into bachelor’s degree programs.

*The Developmental Support Lab* is designed to assist students with first-year college studies and offers special tutors in mathematics, science, reading, and writing, as well as career counseling. The goal of this lab is to provide individualized support in regular academic courses for marginally prepared students.

**Early Admission** • A superior secondary school student may be offered Early Admission at the end of the third year in high school if the following criteria are met:

At least a 3.5 GPA on all CPC courses completed, a minimum composite ACT score of 25 (or SAT 1130), recommendation by the applicant’s high school principal or counselor, and a passing score on the Mississippi College Placement Examination (MCPE).

**Earning College Credit in High School** • In the summer before the senior year in high school, students may earn University credit by attending enrichment programs such as PACE (Promoting Academic and Creative Excellence), Croft Summer Scholars, and the Summer Institutes in Art, Journalism, and in Music, if the following criteria are met:

Completion of at least 15 college preparatory courses with a minimum 3.2 GPA on those courses, recommendation by the applicant’s high school principal or guidance counselor, and successful application to PACE or to the Summer Institute.

Summer enrichment programs are administered by the Office of Summer School.

**ADMISSION OF TRANSFER STUDENTS**

Students may be accepted for transfer from other regionally accredited colleges and universities if a minimum 2.00 cumulative GPA has been maintained on all course work attempted with the exception of vocational/technical or other courses not acceptable for transfer. Every attempt on repeated courses is counted. Applicants must list all colleges attended on the application for admission. (Failure to provide information about prior college attendance is grounds for disciplinary action including immediate dismissal from the University.)

In addition, the applicant must meet one of the following criteria:

1. Have been admissible as a freshman. The applicant must submit official high school records (see Freshman Admission) as well as college transcripts to meet this requirement.

2. Have successfully completed at least the following 24 semester hours of college work at a regionally accredited school:
   - 6 hours of English composition
   - 3 hours of college algebra or higher
   - 6 hours of laboratory science
   - 9 hours of transferable electives

3. Have earned an associate’s degree intended for transfer to a four-year school.
A student who does not meet the 2.00 transfer GPA requirement and has not attended college in at least 12 months may be considered for admission on probation. The student must submit a letter of petition with the application and be approved by the academic dean of the college or school that the student wishes to enter. Students who have been out of school for at least 36 months may be admitted without petition as undergraduates. Such students must earn at least a 2.0 on the first 12 hours and thereafter.

Evaluation of Credits • University policy on the transfer of credit hours is described in the Academic Regulations chapter under Transfer Credit.

Grade Requirements • Transfer students are required to maintain a minimum GPA of 2.0 on courses taken at the University, and to have a minimum GPA of 2.0 on all college work attempted, in order to graduate. See Degree Requirements in the Academic Regulations chapter.

OTHER TYPES OF ADMISSION

Admission of Visiting Students • A student who regularly attends another recognized institution and who plans to return to that institution may be admitted to the University as a visiting student. The applicant must comply with the general requirements for admission and, in lieu of transcripts of credits, must submit a letter or certificate of good standing from an official of the institution which the student regularly attends. A student admitted to the summer session as a visiting student may elect to enroll in the University’s next regular session. The student can qualify by submitting transcripts of credits from the other institutions attended and by meeting the requirements applicable to transfer students. If the student has attended The University of Mississippi previously, he or she must be re-admissible.

Admission of Students Who Are Not Graduates of Regionally Accredited High Schools • Applicants who are home-schooled or who have not successfully completed high school must submit standard test scores (ACT composite minimum of 18 or SAT combined minimum of 860) and successfully complete the Mississippi College Placement Exam (see “Other Admission Criteria” above). Home-schooled students must present portfolios which summarize their educational experiences. Students who are not high school graduates must present qualifying GED scores or, in some cases, may qualify as undergraduate special students (see below).

Admission of Undergraduate Special Students • A student who is at least 21 years of age has been out of school for at least three years, and cannot present an acceptable high school record may be admitted to the University for such courses as he or she may be prepared to enter. This category is reserved for those who have had delays or interruption of the traditional sequence of educational pursuits. A person admitted as a special student is admitted with the same retention standards as degree-seeking students. Special students must have a minimum of a 2.0 GPA on 12 hours of course work to become degree-seeking students. After meeting this requirement, the special student may become a regularly enrolled student and the work completed while in the special status may be applied toward a degree. Failure to meet the stated

Admission to the University • 73
requirements will result in academic suspension. While in special student status, a student may not register for more than 12 hours in a semester or summer session and will not qualify for financial aid programs.

Admission of Unclassified Students • Applicants who have already received the baccalaureate degree may enroll in the University if they desire to take courses for personal or professional improvement at the 400 level or below; or are pursuing a second undergraduate degree. Generally, students pursuing a second undergraduate degree will not be permitted to take graduate courses, but under certain circumstances, with the approval of the appropriate academic dean, they may enroll as unclassified students in 500-level courses.

Admission of Graduate Students • An applicant who has completed all requirements or has received the bachelor’s degree from an institution accredited by a regional or recognized professional accrediting association may be admitted to the University as a graduate student for a program leading to an advanced degree, or as a graduate student with nondegree status for enrollment in graduate course work. Applicants desiring to enroll in the Graduate School should consult the Graduate School catalog for admission requirements and procedures.

Admission to the University Medical Center (Jackson campus) • After completion of the undergraduate prerequisites, applications for enrollment in medicine, nursing, dentistry, and health-related professions are submitted to the Division of Student Services and Records, The University of Mississippi Medical Center, 2500 N. State Street, Jackson, Mississippi 39216. Students should consult the Medical School catalog for admission requirements and procedures.

ADMISSION OF INTERNATIONAL STUDENTS

Enrollment of qualified students from other countries is encouraged by the University as it seeks to contribute to the realization of the personal aspirations of people throughout the world. It also seeks to stimulate in U.S. students a knowledge of and appreciation for the cultures and peoples of other lands.

International students from outside the United States must submit completed applications no later than 45 days prior to the intended term of enrollment. Applications received after that date may be considered for the following term. A $25 nonrefundable application fee must accompany each application. Applications that do not include the $25 application fee will not be processed. Other special admission requirements for international students include the following:

Academic Requirements • FRESHMEN: First-year undergraduate applicants must have received a high school diploma with a B average or above with three-year units in laboratory science, social studies, and mathematics. In addition, freshmen applicants are required to present results of either the American College Test (ACT) with a score of 21 or above or the Scholastic Aptitude Test (SAT) with a score of 980 or above. Students with excellent grades who do not meet test score minimums may be considered for admission by sending a letter of petition along with other required application materials. The office of the dean of the school or college in which the student wishes to enroll will review the student’s file and make an admission decision.
TRANSFER STUDENTS: Undergraduates who have completed 15 or more hours of university-level academic courses with a B average, or three or more General Certificate of Education Advanced (GCE A) levels in academic subjects, will not be required to take the ACT or SAT and may be awarded transfer credit. International students transferring from U.S. institutions must meet the requirements outlined in the section Admission of Transfer Students earlier in this chapter.

GRADUATE STUDENTS: Applicants for graduate admission should have a B average in previous studies and appropriate undergraduate preparation in their field of study. In addition, graduate applicants should submit results of the GMAT for business or accounting, the LSAT for law, or the GRE for other fields.

VISITING SCHOLARS: Applicants holding terminal degrees or who are engaged in thesis or dissertation research may apply to the University for admission as visiting scholars rather than students. Visiting scholars must be approved by the department in which research is to take place. Scholars may use the library and research facilities and sit in on classes with the consent of the instructor. Tuition and fees are not assessed, although fees may be charged for use of computer or laboratory items.

Language Requirements • All applicants whose native language is not English are required to submit a computer-based TOEFL score, which will result in the following placement: (1) 213 or above — full standing (some departments require higher results); (2) 193-210 and outstanding academic qualifications — admission with one course in English training required; (3) below 193 — student should apply instead to the Intensive English Program (see below). Note: placement scores may change for new versions of the TOEFL.

In addition, incoming students whose native language is not English and whose computer-based TOEFL score is 213 or above will be given tests of English proficiency and listening comprehension. On the basis of these tests, students may be advised or required to take the class EFS 100, English as a Foreign Language.

Intensive English Program • Andrew Barnette, coordinator • Barnard Hall • (662) 915-7404 • atbarnet@olemiss.edu

The Intensive English Program (IEP) provides English language instruction for non-English-speaking students who wish to study at The University of Mississippi or other schools in the United States. The IEP offers classes in reading, writing, speaking and listening, as well as TOEFL preparation. The IEP arranges for its students to meet native English speakers and to participate in cultural activities. The IEP follows the University’s academic calendar, with a full summer session. Students attend 20 hours of classes per week in addition to time in the language and computer labs.

IEP students are considered to be international students and are subject to all regulations and fees pertaining to international students. Application forms are available from the Office of International Programs. Completed forms, along with the University nonresident application fee, should be submitted to the Office of International Programs. Students may, at the same time, apply to one of the University’s academic programs by submitting an application to the Office of Admissions (see above). In that case, the application fee should be sent to the Office of Admissions. Attending the IEP does not guarantee admission into an academic program at The University of Mississippi. Tuition and book fees for the IEP are listed in the Fees and Expenses chapter.
Estimated Costs • The estimated minimum cost for attending The University of Mississippi for each 12-month period is $15,594, which includes an international student service fee assessed each semester. The U.S. Office of Immigration requires that applicants verify their ability to meet the cost of each year of the entire period of study prior to the issuance of a Certificate of Eligibility (I-20).

Health Insurance • All international students are assessed a health insurance fee at each registration. The University provides a group policy for all nonresidents of the United States. The policy provides excellent inexpensive protection while students are studying away from their home country.

Professional Programs • Undergraduate international applicants may be admitted to the pre-professional programs. However, no admission is available to schools of Medicine, Nursing, Dentistry, or Health Related Professions. Admission of foreign applicants to the professional schools of Law and Pharmacy is extremely limited.

Summary of Application Procedures for International Students:

1. Completion of Application for Admission forms.
2. Submission of transcripts of all previous academic work.
3. Submission of required test results including TOEFL.
4. Payment of a nonrefundable $25 application fee. (Applications will NOT be processed without receipt of this fee.)
5. Submission of completed financial affidavit form.
6. All overseas applications, including all required documents, must be submitted and the admission decision completed 45 days prior to the intended period of enrollment. Applications received after that date will be considered for the following term upon request by the applicant.

RE-ADMISSION OF FORMER STUDENTS

All students who have interrupted their enrollment in the University must submit an application for re-admission to the Office of Admissions. Those who have attended other institutions during the interruption must have official transcripts forwarded by the institutions to the Office of Admissions.

Re-admission requirements for students who have been academically suspended or dismissed from the University are given in the Academic Standing section of the Academic Regulations chapter.

ACADEMIC RESTART POLICY

A former University of Mississippi student who was enrolled at any university, college, or community college in the past but has been out of post-secondary education for at least 48 consecutive months may start his or her college education completely over by invoking the University’s academic restart policy. The student will be considered as a totally new student from the time of first enrollment after the 48-month hiatus, and all academic regulations for new students (e.g., concerning probation, suspension, and honors) will apply.
A student’s grades obtained prior to academic restart will remain on the student’s transcript. However, no grade made prior to academic restart will be included in the student’s cumulative grade point average, and no credits earned prior to academic restart will fulfill graduation requirements.

A student’s eligibility for academic restart at The University of Mississippi is determined regardless of the student’s restart status at other institutions. A student may use The University of Mississippi’s academic restart policy only one time.

ADMISSION OF DISABLED STUDENTS

The University of Mississippi complies with all applicable laws regarding affirmative action and equal opportunity in all its activities and programs and does not discriminate against anyone protected by law because of disability. Decisions regarding admission to the University are made on the basis of admissions standards stated above.

To become eligible for services and programs through the Office of Student Disability Services, a student must be fully admitted to The University of Mississippi. In the case of a learning disability, the student must first verify the disability by presenting a personal copy of a psychoeducational evaluation with a specific diagnosis of a learning disability to the Office of Student Disability Services. In case of other physical handicaps, the admitted student must provide documentation (medical, social, psychological, and other supporting information) that verifies the physical handicap. Once the student’s disability has been verified, the appropriate committee will review all submitted information and make a recommendation regarding providing assistance for the student.

While the University attempts to accommodate students with disabilities, its ability to provide for the needs of all such students may be limited. Students requiring assistance or services through the Office of Student Disability Services are advised to ascertain, before enrolling in the University, whether the particular services desired would be available to them.
Fees and Expenses

It is the intent of the University to keep at a minimum the necessary expenses of its students. Decreases are made in the tuition fee to benefit students whenever possible. Increases are put into effect only when public funds are inadequate and no other recourse is available. Therefore, the University reserves the right to increase or modify fees, tuition, or scholarships without prior notice, upon approval by the Board of Trustees. A portion of student tuition and fee charges is used for operating costs, including scholarships and tuition waivers.

UNDERGRADUATE CREDIT-HOUR COSTS FOR ONE SEMESTER

Tuition and required fees are assessed by credit hour, and are listed for all undergraduate students of The University of Mississippi on the Oxford campus for one semester of the academic year. Amounts are given for both residents and nonresidents of Mississippi; definitions of resident and nonresident students may be found at the end of this chapter.

FOOD EXPENSES

Ole Miss Meal Plan • All resident freshmen MUST purchase a meal plan both fall and spring semesters of their freshman year. If no spring meal plan is selected, students will be automatically assessed for the same meal plan as fall semester. Those billed for the $435 “9 Weeks Plan” fall semester will automatically be assessed $450 Flex Dollars. Students may change their plan during the first two weeks of the semester with charges pro-rated accordingly. All meals are served in Paul B. Johnson Commons Dining Center. Only freshmen can defer a meal plan.

PERSONAL EXPENSES

Ole Miss Express • The Ole Miss Express account is a declining balance spending program that works like a credit card in reverse. This plan is optional and not a requirement. Deposits may be made throughout the year at the ID Center, the Bursar’s Office, Stockard/Martin Fluff n’ Fold, or the Central Ticket Office. The Ole Miss Express account can be used to make purchases throughout campus, including all food service locations, selected laundry facilities, snack and beverage vending machines, Ole Miss Bookstore, Central Ticket Office, Athletic Ticket Office, and Rebel Shop.

Books • New and used textbooks can be purchased at the Ole Miss Bookstore. The cost of new books per semester is about $300 for freshmen and most other undergraduate students. However, by taking advantage of used books available at the bookstore, students can reduce the cost to about $200 a semester. The Ole Miss Express is honored at the bookstore.

Other Expenses • Students should budget for other personal expenses that may arise, such as clothing, supplies, transportation, and entertainment.
DEFERRED PAYMENT OF FEES

Tuition and room rent may be paid in three installments during the semester; freshmen living on campus also may pay for the Ole Miss Food Plan in three installments. One-third of the above fees not covered by University-administered financial aid is due at the time of registration. One-half of the remaining balance is due no later than September 25 for the 2001 fall semester or February 25 for the 2002 spring semester. Final payment is due by October 25 for the 2001 fall semester or March 25 for the 2002 spring semester. A 1.5 percent service fee will be added to the final installment for students who use the deferred payment plan. Failure to pay the amount deferred by the dates stipulated may result in University-initiated withdrawal of the student and/or loss of the fee deferral privilege for future registration periods. Deferred payment of fees is not available to students during either summer term.

DELINQUENT ACCOUNTS

Regular student account balances and student loan balances are collected by the Bursar’s Office, and, if not paid when due, constitute a delinquent account. The University reserves the right to withhold re-admission to a student until all delinquent amounts owed to the University have been paid. Transcripts of credits are not issued for students whose accounts are delinquent. Delinquent accounts may be referred to a collection agency, in which case the account will be assessed all costs of collection, including reasonable attorney fees, whether or not a lawsuit is commenced as part of the collection process.

REFUND POLICIES

The following general refund schedules will apply to those students who withdraw from school, or change from full-time to part-time enrollment. Any refund of tuition, fees or Ole Miss Express will first be applied to the appropriate student aid source if the student was receiving financial aid and then be used to relieve any debt owed by the student to the University. The remaining balance will be forwarded to the withdrawn student. In case of dismissal of the student, no refund will be given. The University reserves the right to modify refund policies without prior notice before the beginning of the semester.

Students must officially withdraw from the University if they register for classes and then decide not to attend Ole Miss. A student is considered as registered once a class schedule is secured via the telephone, Internet, or computer terminal.

It is the student’s responsibility to withdraw officially from the University. Failure to notify the Registrar’s Office before the end of the 100% refund period will result in charges for tuition and fees being posted to the student’s account.

Students who fail to withdraw will receive a grade of “F” on their official University transcript for the term of nonattendance.

Students receiving financial aid who drop/withdraw from classes may be responsible for repayment of loans and other financial assistance that may have already been received.

Ole Miss Express Refund Policy • All Ole Miss Express account balances are carried forward each semester. Using the remainder of the balance or requesting a refund can close an account. Accounts are closed should a member not reenroll at the University and the Ole Miss Express account remains inactive for six months. Balances less than $23 will not be refunded.

All refund requests must be submitted in writing to the ID Center. Refunds to graduating or withdrawing students will be made upon request. Refunds to students upon graduation will be processed without charge. All other refunds will require a $20 processing fee, which is deducted from the member’s remaining account balance. Any refund made above the processing fee will first be applied to any unpaid
balance on that student’s account at the Office of the Bursar. Refund will be forwarded to the member’s permanent home address.

**Freshmen Flex Refund Policy:** Flex money is not lost if a freshman does not use it all in one semester; it remains on his or her card. The balance carried forward may not be used to meet the second semester required amount. Flex refund request may only be processed if the student officially withdraws from the University as described earlier or if one is not returning to the University. If the student does not submit an acceptance letter from another institution, a refund will be made after the close of enrollment for the next academic semester. There will be a $20 drop fee, and the University will refund the remaining balance to the last known home address after any bursar account balances are deducted.

**Meal Plan Refund Policy:** Changes in a meal plan resulting in a lesser plan are allowed only during the first two weeks of the semester. Meal plan adjustments are calculated on the board meal value. Campus-housed freshmen are granted refunds only upon official withdrawal from the University. Refunds are calculated using the following schedule:

**MEAL PLAN REFUND SCHEDULE FOR STUDENTS WHO WITHDRAW FROM THE UNIVERSITY**

Computation from the first day of registration:

- First five working days ................................................................. 90%
- Between 6 and 10 working days .................................................... 70%
- Between 11 and 15 working days .................................................... 50%
- Between 16 and 20 working days .................................................... 30%
- After 20 working days .................................................................. 0%

**Nonfreshmen Meal Plan Refund Policy** • Nonfreshmen may withdraw from any Meal Plan during the first 20 working days of a semester (computed from the first day of registration). Refunds will be calculated according to the following schedule:

Computed From the First Day of Registration:

- First five working days ................................................................. 90%
- Between 6 and 10 working days .................................................... 70%
- Between 11 and 15 working days .................................................... 50%
- Between 16 and 20 working days .................................................... 30%
- After 20 working days .................................................................. 0%

**Housing Application Prepayment Fee** • The $100 application prepayment fee is refundable if cancellation is made in writing to the director of student housing and residence life no later than June 1, 2001.

**Canceling Residence Hall or Family Housing Agreement** • Requests for canceling a housing contract are subject to the terms of the Residence Hall Agreement or the Family Housing Rental Agreement and must be made in writing to the director of student housing and residence life. In case of dismissal from the University during the contract period, the student will be financially responsible for the entire contract amount.

**Committee on Refunds** • Students should petition if they feel they should receive refunds in excess of standard refunds due to extenuating circumstances such as death in the family, serious illness, etc. Petitions with complete details of their situation should be sent to Committee on Refunds, The University of Mississippi, Office of...
the Bursar, University, Mississippi 38677. Petitions for refunds of housing costs should be sent to the director of student housing and residence life.

SUMMARY OF ESTIMATED COSTS

Average cost per Mississippi resident for tuition, fees, room, food, and books is about $7,200 for the academic year of two semesters. Other expenses for personal maintenance and recreation will have to be considered by each individual.

LEGAL RESIDENCE

Legal Residence of Students • The University applies the definitions and conditions stated here as required by state law in the classification of students as residents or nonresidents for the assessment of fees.

Requests for a review of residency classification should be submitted to the registrar; forms for this purpose are available from the Office of the Registrar. To be applicable for a particular semester, such requests must be accompanied by documentation that all residency requirements have been met by the last day to register for that semester.

MINORS — The legal residence of a person less than 21 years of age is that of the person’s father. After the death of the father, the residence of the minor is that of the mother. If the parents are divorced, the residence of the minor is that of the parent who was granted custody by the court; or, if custody was not granted, the residence continues to be that of the father. If both parents are dead, the residence of the minor is that of the last surviving parent at the time of that parent’s death, unless the minor lives with a legal guardian duly appointed by a proper court of Mississippi, in which case his residence becomes that of the guardian.

ADULTS — The legal residence of an adult is that place where he is domiciled, that is, the place where he actually physically resides with the intention of remaining there indefinitely or of returning there permanently when temporarily absent.

REMOVAL OF PARENTS FROM MISSISSIPPI — If the parents of a minor who is enrolled as a student in an institution of higher learning move their legal residence from the state of Mississippi, the minor is immediately classified as a nonresident student.

TWELVE MONTHS OF RESIDENCE REQUIRED — No student may be admitted to the University as a resident of Mississippi unless his residence, as defined above, has been in the state for a continuous period of at least 12 months immediately preceding his admission.

RESIDENCE IN AN EDUCATIONAL INSTITUTION CAN BE COUNTED — A student who has lived within the state for 12 months following his twenty-first birthday may establish residence in his own right by showing that he is living in the state with the intention of abandoning his former domicile and remaining in the state permanently, or for an indefinite length of time.

RESIDENCE STATUS OF A MARRIED STUDENT — A married student may claim the residence of the spouse, or may claim independent residence status under the same regulations, set forth above, as any other adult.

CHILDREN OF PARENTS WHO ARE EMPLOYED BY THE UNIVERSITY — Children of parents who are members of the faculty or staff of the University may be classified as residents without regard to the residence requirement of 12 months.

MILITARY PERSONNEL ASSIGNED ON ACTIVE DUTY STATION IN MISSISSIPPI — Members of the U.S. armed forces on extended active duty and stationed within Mississippi may be classified as residents, without regard to the residence requirement of 12 months, for the purpose of attendance at the University. Resident status of such military personnel who are not legal residents of Mississippi (as defined in Section
37-103-13 of House Bill 409, passed during the 1988 session of the Mississippi Legislature) shall terminate upon their reassignment for duty in the continental United States outside the state of Mississippi.

CHILDREN OF MILITARY PERSONNEL — Resident status of children of members of the armed forces on extended active duty shall be that of the military parent for the purpose of attending the University during the time that their military parents are stationed within Mississippi and shall be continued through the time that military parents are stationed in an overseas area with last duty assignment within the state. Resident status of minor children shall terminate upon reassignment under permanent change of station orders of their military parents for duty in the continental United States outside the state of Mississippi, excepting temporary training assignments en route from Mississippi.

CERTIFICATION OF RESIDENCE OF MILITARY PERSONNEL — A military person on active duty stationed in Mississippi who wishes to avail himself or his dependents of the provisions of the paragraph titled “Military Personnel Assigned on Active Duty Station in Mississippi” must submit a certificate from the military organization showing the name of the military member, the name of the dependent, if for a dependent, the name of the organization of assignment and its address (may be in the letterhead), that the military member will be on active duty stationed in Mississippi on the date of registration at the University; that the military member is not on transfer orders; and the signature of the commanding officer, the adjutant, or the personnel officer of unit of assignment with signer’s rank and title. A military certificate must be presented to the registrar of the University each semester at (or within 10 days prior to) registration for the provisions of the paragraph “Military Personnel Assigned Active Duty Station in Mississippi,” named above, to be effective.

FAMILIES OF STUDENTS — The spouse and children of a nonresident student who pays or receives a waiver of the nonresident fee may enroll in the University upon payment of the appropriate fees charged to a resident. Nonresident fees for spouses and children of part-time nonresident students will be prorated.

Responsibility of Students • Residency classification of an applicant for admission is determined by the Office of Admissions and is stated on the Admission Certificate issued. Students should notify the registrar immediately by letter of any change in legal residence.
Financial Aid

The University of Mississippi offers a variety of grants, scholarships, loans, and federal work-study programs to help students finance their cost of education.

Application • To be considered for all federal and institutional aid for which they are eligible, students must complete and submit a Free Application for Federal Student Aid (FAFSA). The only exceptions to this rule are service awards (such as band, orchestra, ROTC, athletic) and merit awards (academic excellence awards, Nonresident Alumni Award). When in doubt as to the programs for which one might qualify, it is always advisable to complete the FAFSA to assure consideration for all awards.

Information provided on the FAFSA to the federal government assists The University of Mississippi in determining the student’s eligibility for financial assistance. When the FAFSA is submitted to the central processor, the student must designate The University of Mississippi, University, Mississippi, as one of the college recipients (Federal school code 002440). Although students may submit a 2001/2002 FAFSA at any time prior to and during the school year, priority consideration for some grants and scholarships is given to those students who are fully admitted to Ole Miss and have valid Student Aid Reports (the processed FAFSA) on file with the University by March 15, 2001. It is recommended that the FAFSA be submitted to the government’s central processor by February 15 in order to meet these timelines.

Awards may be made as soon as applications are complete but usually no earlier than April. Applications will still be accepted after these dates and will be given consideration for funds depending on availability.

Federal Work-Study Program • This program provides jobs for undergraduate and graduate students as a part of their aid package. Work-Study is awarded based on financial need.

Grants • Grants are provided from federal and state sources for qualifying students.

FEDERAL PELL GRANT is awarded on the basis of need as calculated by the FAFSA. It is an entitlement to those students who have an Expected Family Contribution (EFC) on the Student Aid Report (the processed FAFSA) that falls within a specific range. The value of the award varies based on the EFC of each student. The maximum Pell Grant for 2000/2001 was $3,300 per year. Only undergraduates or those students who do not have a prior undergraduate degree qualify. Awards are available to full-time and less than full-time students.

MISSISSIPPI TUITION ASSISTANCE GRANT (MTAG) is available to current legal residents of Mississippi who are enrolled as full-time undergraduates. In most cases, the student must have a high school grade-point average of 2.5 on a 4.0 scale and a minimum ACT of 15. MTAG is prorated for those students who receive the Pell Grant; therefore, students who receive the maximum Pell award will not be eligible for MTAG. To apply, students must complete an MTAG/MESG application and either a FAFSA or a Statement of Certification (a waiver for completing the FAFSA). All requirements must be completed by the MTAG/MESG deadline as established each year by the state of Mississippi.

MISSISSIPPI EMINENT SCHOLARS GRANT (MESG) is available to current legal residents of Mississippi who are enrolled as full-time, “first-time-in-college” undergraduates. In most cases, the student must have a high school grade-point average of 3.5 on a 4.0 scale and a minimum ACT of 29. National Merit/National Achievement semifinalists with a 3.5 grade-point average qualify without the test score. To apply, students must complete an MTAG/MESG application. All requirements must be completed by the MTAG/MESG deadline as established each year by the state of Mississippi.
GENERAL SCHOLARSHIPS

The scholarships listed in this section of the 2001 Undergraduate catalog are available to incoming freshmen and community college transfer students attending The University of Mississippi. Many of these scholarships have been made available through the generous donations of alumni and friends of the University.

Eligibility criteria for these scholarships are described below. Scholarships and loans available only to students in a particular school of the University follow the section on general scholarships.

Many of these scholarships do not require a special application beyond the FAFSA and the application for admission; others select candidates by nomination only. Unless otherwise indicated in the following descriptions, interested students should contact the Office of Financial Aid to inquire about these listings. Most scholarships are available to incoming freshmen from Mississippi, as specified in the endowment agreement. However, entering nonresidents of Mississippi may qualify for service scholarships, Academic Excellence scholarships, and the Nonresident Alumni Award, among others.

Students wishing to be considered for a scholarship are urged to file a University of Mississippi application for admission and to submit an ACT or SAT and a transcript of grades through the first semester of their senior year not later than February 1 prior to enrollment. Transfer students must submit a transcript including three semesters not later than April 1 prior to enrollment. For scholarships based on financial need, priority consideration will be given to students with a valid Student Aid Report (the processed FAFSA) on file by March 15, 2001.

Nonduplication of Aid • The University will not grant tuition or fee scholarships when such awards may be duplicated from other University or non-University funds (for example, two scholarships that cover the nonresident tuition fee). This policy will apply to awards made by the Office of Financial Aid and those administered by the University Financial Aid Committee. This practice ensures fair distribution of limited scholarship resources. In addition, students may receive only one Academic Excellence award (see the section below on Academic Excellence awards).

Academic Excellence Scholarships Offered to Qualified Entering Freshmen

THE FREDERICK A.P. BARNARD SCHOLARSHIP is available to National Merit/National Achievement Semifinalists with priority consideration given to those freshmen who are fully admitted to the University by February 1, 2001. This scholarship is currently valued at a total of $5,000 per year, which includes a stipend as well as a housing scholarship (based on double occupancy in a standard campus residence hall). The scholarship is for a maximum of four years, or for eight full-time, continuous semesters as an undergraduate student. Nonresident Semifinalists also will receive a scholarship that covers $2,000 per year of the cost of nonresident tuition while nonresident Finalists will receive a scholarship that covers the full cost of nonresident tuition.

The Barnard scholarship cannot be “stacked” with other Academic Excellence scholarships listed in this section. National Merit/National Achievement Semifinalists who are named Finalists, apply for admission, and list The University of Mississippi as their first-choice institution will be selected to receive an additional $2,000 ($500 a year) scholarship.
THE ALBERT T. BLEDSOE SCHOLARSHIP is offered to students who score 32 or higher on the ACT test (1390 or higher on the SAT) and have a high school grade-point average of 3.0 or higher. Priority consideration is given to those students who are fully admitted to the University by February 1, 2001. The award is for $10,000 over four years ($2,500 per year). The scholarship is available up to a maximum of four years, or for eight full-time, continuous semesters as an undergraduate student. Nonresidents of Mississippi who qualify for the Bledsoe scholarship also will receive a scholarship which covers $2,000 per year of the cost of nonresident tuition.

THE JOHN MILLINGTON SCHOLARSHIP is offered to students who score 30 to 31 on the ACT test (1310-1380 on the SAT) and have a high school grade-point average of 3.0 or higher. Priority consideration is given to those students who are fully admitted to the University by February 1, 2001. The award is for $7,000 over four years ($1,750 per year). The scholarship is available up to a maximum of four years, or for eight full-time, continuous semesters as an undergraduate student. Nonresidents of Mississippi who qualify for the Millington scholarship also will receive a scholarship which covers $2,000 per year of the cost of nonresident tuition.

THE GEORGE F. HOLMES SCHOLARSHIP is offered to students who score 28 to 29 on the ACT test (1230-1300 on the SAT) and have a high school grade-point average of 3.0 or higher. Priority consideration is given to those students who are fully admitted to the University by February 1, 2001. The award is for $4,000 over four years ($1,000 per year). The scholarship is available up to a maximum of four years, or for eight full-time, continuous semesters as an undergraduate student. Nonresidents of Mississippi who qualify for the Holmes scholarship also will receive a scholarship which covers $2,000 per year of the cost of nonresident tuition.

THE JOHN N. WADDELL SCHOLARSHIP is offered to students who score 26 to 27 on the ACT test (1160-1220 on the SAT) and have a high school grade-point average of 3.0 or higher. Priority consideration is given to those students who are fully admitted to the University by February 1, 2001. The award is for $2,000 over four years ($500 per year). The scholarship is available up to a maximum of four years, or for eight full-time, continuous semesters as an undergraduate student.

HIGH SCHOOL VALEDICTORIAN SCHOLARSHIP is offered to students who are ranked number one in their graduating class at a Mississippi high school. Priority consideration is given to those students who are fully admitted to the University by February 1, 2001. The award is $1,000 for the first year only ($500 per semester). This scholarship cannot be “stacked” with other Academic Excellence scholarships listed in this section.

UNIVERSITY LOAN FUNDS

FEDERAL PERKINS LOAN PROGRAM. The Perkins Loan Program is a low interest, federally funded loan program for both undergraduate and graduate students. The loan is administered by the University and is based on need. As long as the student is enrolled in school, the federal government subsidizes the interest. Repayment begins 9 months after the student graduates or leaves school. The repayment term is up to ten years with a minimum monthly payment of $40.

FEDERAL SUBSIDIZED STAFFORD LOANS. The Federal Subsidized Stafford Loan is a low-interest loan made to students who demonstrate financial need. Undergraduates may borrow $2,625 for the first year, $3,500 for the second year and $4,500 for each remaining undergraduate year. Graduate/professional students may borrow up to $8,500 per year. Undergraduate students may borrow an aggregate limit of $23,000. Graduate and Professional students may borrow up to a total of $138,500 (this includes undergraduate Subsidized and Unsubsidized Stafford Loans). The interest rate is variable and capped at 8.25%. While enrolled in school at least halftime, the interest is paid by the federal government. Repayment begins after a six-month grace period once the student graduates, withdraws or drops below halftime status. Repayment may take as long as ten years.

FEDERAL UNSUBSIDIZED STAFFORD LOANS. Amounts and interest rate for this loan are the same as for the Subsidized Stafford Loan; however, the student is responsible for paying the interest while enrolled in school and during any grace period or deferment. This loan is not based on financial need. A student may opt to have the interest deferred and accrued or choose to pay the interest charges while enrolled. Students may borrow a combination of Subsidized and Unsubsidized loans, but may not exceed the annual or aggregate loan limits stated previously. Repayment terms are the same as for the Federal Subsidized Stafford Loan. Independent undergraduates, and dependent undergraduates whose parents cannot borrow under the Federal PLUS program, may be eligible for an additional $4,000 for the first or second year and up to $5,000 for each remaining undergraduate year. Graduate and Professional students may borrow up to $10,000 per year. These amounts are in addition to the amounts borrowed under the Subsidized Stafford Loan Program.

Financial Aid • 113
FEDERAL PLUS PROGRAM (PARENT LOAN FOR UNDERGRADUATE STUDENTS). The Federal PLUS Program is for parents of dependent students and is based on credit worthiness. Under this program, parents may borrow up to the cost of education at a particular institution minus any financial aid a student receives. The interest rate is variable with a cap of 9%. Repayment of a PLUS begins within 60 days of full disbursement and has a repayment term of up to ten years.

THE GEORGE C. AND LAURA McKINSTRY SCHOLARSHIP/LOAN FUND was established in 1973 by Dr. McKinstry in memory of his mother and father to provide low-interest loans to young men and women of character who have successfully completed one semester of college work. Preference is given to residents of Jones and Jasper counties in Mississippi.

ROBERT S. BENTHAL AND HENRY B. BENTHAL MEMORIAL SCHOLARSHIP/LOAN FUND. A loan fund honoring the memory of their brothers was established by Mrs. Elizabeth Benthal and Miss Ella Mhoon Benthal of Canton, Mississippi, in 1956.

THE LANE TERRELL AND DOLORES SHIELDS CHANDLER SCHOLARSHIP/LOAN FUND was established by Mr. Lane T. Chandler and Mrs. Chandler in 1959, with annual contributions to the fund through 1966. Since 1967 Mrs. Chandler has continued to make regular contributions in memory of her late husband who received his B.S. degree in 1914 and his law degree the following year. Mr. Chandler was a four-year letterman in baseball, and was captain of the 1914 State Championship Baseball team coached by Casey Stengel.

THE FRANK W. GAMBLIN MEMORIAL SCHOLARSHIP/LOAN FUND was established in 1980 by Mrs. Gamblin in memory of her husband to provide low-interest loans to junior and senior students at the University majoring in mathematics, natural science, classical music, or written or oral English. Preference is given to students with demonstrated financial need who have excelled in the areas of character, leadership, and academics.

THE GRENADA BANK LOAN FUND was established in 1956 to provide a loan fund for students. The fund was donated to the University as a memorial to the past presidents of the Grenada Banking systems: Messrs. J.W. Griffis, J.T. Thomas, B.C. Adams, and H.B. Benthal.

THE HORACE JUSTIN HOUCHLAND LOAN FUND of $500 was established in 1950 by Mr. Maurice Barr of New Orleans, Louisiana, in memory of Mr. Houghland, a 1921 graduate of the University.

HOUSTON CULTURE CLUB SCHOLARSHIP/LOAN FUND. The Culture Club of Houston, Mississippi, donated to the University in 1954 funds to provide assistance to junior and senior students of the University who are graduates of Houston High School.

THE ED HUNTER MEMORIAL LOAN FUND was established in 1944 by Dr. E.W. Hunter, Class of 1894, of Greenwood, Mississippi, as a memorial to his two sons.

THE CHURCH LEE MEMORIAL LOAN FUND of $1,000 was donated by Mrs. Alonzo Church Lee in memory of her son, Church Lee II.

THE MONTIE MAI POWELL MCDONNELL SCHOLARSHIP/LOAN FUND, established in August of 1978 by Mrs. McDonnell of Birmingham, provides assistance to junior or senior women who plan to teach mathematics, with preference given to the daughters of widows.

UNIVERSITY DAMES EMERGENCY LOAN FUND was established in 1960 by the University Dames to assist students who face unexpected expenses.

THE WASHINGTON ALUMNAE SCHOLARSHIP/LOAN FUND was established in 1937 by University alumnae of Washington, D.C., to assist junior or senior women who need financial aid.
Academic Regulations

The regulations published in the undergraduate catalog are a digest of the rules of the institution. Changes may be made in the regulations at any time to promote the best interests of the University and its students. Students are responsible for knowing the published regulations, policies, and standards of the University and of their college or school.

CLASSIFICATION

A student’s class standing is determined by the number of semester hours of course work completed, as follows:

<table>
<thead>
<tr>
<th>Classification</th>
<th>Semester Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>FRESHMAN</td>
<td>0-26</td>
</tr>
<tr>
<td>SOPHOMORE</td>
<td>27-53</td>
</tr>
<tr>
<td>JUNIOR</td>
<td>54-86</td>
</tr>
<tr>
<td>SENIOR</td>
<td>87 or more</td>
</tr>
</tbody>
</table>

The student’s academic dean determines which of the hours of completed course work may be applied towards a degree. To be classified as full-time, a student must be taking at least 12 semester hours. Students enrolled for fewer than 12 hours are classified as part-time.

CLASS SCHEDULES AND REGISTRATION

Advising and Student Responsibility • The University provides an academic advising system which requires each student to consult with an academic adviser prior to each registration period. The adviser’s role is to assist the student in making course selections and to approve the student’s schedule. The student, however, bears the ultimate responsibility for making appropriate choices when scheduling classes, including schedule changes made during the drop-add period. Although colleges, schools, and departments may monitor the final class schedule of students in their respective programs, the student also bears the ultimate responsibility for meeting all degree requirements. Where there is doubt concerning requirements, authoritative information may be obtained from the office of the student’s academic dean.

Prerequisites • Some courses have prerequisites which are listed in the Courses of Instruction chapter of this catalog. A student may not take a course unless these prerequisites have been met. Exceptions can only be made in special cases with the prior consent of the instructor, the department chair, and the dean. A student who has failed one semester of a continuous course sequence (such as ENGL 101, 102; MATH 261, 262, 263, 264, or SPAN 101, 102, 201, 202) may not enroll in a subsequent course in that sequence until the failed course has been passed.

Registration Eligibility • To be eligible to register for classes, a student must be: (1) a new student who applies for admission and receives a CERTIFICATE OF ADMISSION, (2) a continuing student from the preceding regular semester or summer term, or (3) a former student, not enrolled in the preceding regular semester or summer term, who applies for re-admission and receives a CERTIFICATE OF RE-ADMISSION.
New Student Registration • Each new undergraduate student attends an orientation session prior to, or at the beginning of, the student’s first semester. During this session, new students are given special assistance in setting up their first class schedule and are able to register for their classes. (See beginning of Student Life chapter.)

Responsibility for Fees • Students accept the responsibility for maintaining acceptable grades and for the payment of fees at the time they preregister. Fee payments are handled by mail. If a student has not made arrangements to pay fees or withdraw from the University by the end of the regular registration period, the student will be assessed the late registration fee.

Priority Registration and RSVP • Continuing students may register for the next semester’s classes by using the University’s “RSVP” voice-response telephone system or the registrar’s World Wide Web page on the Internet (www.olemiss.edu/dp/sis/). Schedule booklets are distributed about six weeks before the end of a semester. After the student’s academic adviser approves the student’s schedule, the adviser or another departmental official issues the student a PIN (personal identification number), which allows the student access to RSVP or the web page for registration. The time when a student may begin registration on RSVP varies for different categories of students; priorities for various groups are listed in the schedule booklet. Students accept the responsibility for maintaining acceptable grades and for the payment of fees at the time they preregister. Fee payments are handled by mail. If a student has not made arrangements to pay fees or withdraw from the University by the end of the regular registration period, the student will be assessed the last registration fee.

Registration • Students also may register for a semester during the several days prior to the beginning of classes. After consultation with an academic adviser, the student selects a schedule using the RSVP system or web page systems, and fees are paid on campus.

Late Registration • Students who do not register before classes begin have until the last day to register, which is the 10th day of classes of a regular semester, to complete the process. During this period, a late registration fee will be assessed. No student will be permitted to register for classes after the last day to register without a serious and compelling reason approved by the dean of the student’s school or college. In no case may a student register after the last regular class day in any semester.

Late Payment of Fees • Completed enrollment includes the payment of tuition and fees. Students who anticipate late payment for good reason may appeal to the Late Registration Committee by submitting a petition letter to the bursar prior to the last day to register. Students whose petitions are approved are assessed, in addition to the late fee, a reinstatement fee plus a fee for each class day from the last day to register until payment is received. Students completing registration after the last day to register will not be permitted to use the deferred payment plan. Fee payment is not permitted after the last regular class day in any semester.

Drop-Add Procedures • Students may add courses, using RSVP or the online web page, through the 5th day in which classes meet during a regular semester. After the 5th day, students must have the approval of the instructor in the course, using a Permission to Add a Class Form supplied by the registrar. After the 10th day of classes (the last day to register), courses may be added only under extraordinary circumstances approved by the dean of the school or college in which the student is enrolled, and a small fee will be assessed per added course. In no case may a student add a class after the last regular class day in any semester.
A student may drop any course, using RSVP or the registrar’s web page, until the course withdrawal deadline, which is 4:45 p.m. on the 25th day in which classes meet during a regular semester. However, after the 10th day of classes a small fee will be assessed per dropped course. No indication of enrollment in a course properly dropped will be shown on any University record.

**Late Withdrawal from a Course** • After the course withdrawal deadline, a student may drop a course only in cases of extreme and unavoidable emergency as determined by the student’s academic dean. Unacceptable reasons for late withdrawal include dissatisfaction over an expected grade or a change in a student’s degree program or major. In no case may a class be dropped after the last regular class day in any semester, session or term.

Courses dropped after the course withdrawal deadline will still appear on the student’s official transcript. The W mark will be recorded if the student is passing the course at the time of withdrawal; the F grade will be recorded if the student is failing.

**Withdrawal from the University** • A student who withdraws from the University during the course of a semester or summer term must secure an Official Withdrawal from the University Form from the registrar, and return the form with the necessary signatures of clearance within seven days. Withdrawal from all courses cannot be done using the RSVP telephone system or the online web page. Full refunds of tuition and fees (minus a cancellation fee) are given for withdrawals during the first 5 days of classes of a regular semester, and partial refunds are given from the 6th through the 25th days of classes. Students who withdraw must apply for readmission before enrolling in a subsequent term.

A student required to withdraw from the University for involuntary military service may be given full credit for course work in progress provided at least four-fifths of the course requirements have been completed. The student’s academic dean will decide if the four-fifths requirement is met, and the student’s instructors will decide whether or not final examinations will be required.

**Summer Term Deadlines** • During a summer term, the last day for full refunds on complete withdrawals is the 2nd day of classes, the last day to register or add courses is the 5th day of classes, and the course withdrawal deadline is the 10th day of classes.

**EXAMINATIONS**

**Regulations Governing All Examinations** • A student’s failure to appear for an examination without an acceptable excuse, absence from the room during the course of an examination without the consent of the examiner, or attempting any portion of an examination without submitting his or her answers shall result in failure of the examination. Tardiness beyond 15 minutes forfeits a student’s right to an examination.

**Final Examinations** • Final examinations are scheduled at the end of each semester. The complete schedule of examinations for the next regular semester is distributed in the schedule booklet during the priority registration period. A student who has three or four final examinations in one day may arrange with the course instructor to take the noon or 7:30 PM examination at another time. In order to give a final examination at any time other than the time shown in the published examination schedule, an instructor must have prior approval of the department chair and dean.
CREDITS AND GRADES

The Semester Hour • A semester hour is the unit of credit earned over one semester for the work associated with one class hour per week of lecture or recitation, or two to four hours per week of laboratory.

Class Attendance • It is the responsibility of the instructor to notify classes at the outset of each course of the class attendance requirements. It is the responsibility of the student to comply with the class attendance policy.

A student who incurs excessive absences in a given course may receive a grade of F for the course, and, in addition, may be dismissed from the class upon recommendation of the instructor and approval by the student’s academic dean. When it appears to an instructor that a student has discontinued a class without officially dropping the course, the instructor will report this fact to the student’s academic dean. The University reserves the right to dismiss from the University any student who has been excessively absent from multiple courses.

Class absences may occur when a student represents the University in official competitions or performances (athletic teams, cheerleading, band, chorus, orchestra, debate, theatre, ROTC, etc.). In these cases, academic departments and faculty should exercise fair and consistent standards for resolving questions of missed assignments and tests. Faculty and staff who supervise student teams and organizations are expected to schedule competitions and performances to minimize the number of classes that students will be forced to miss. Names of participating students and the dates of class conflicts should be provided to the students’ instructors prior to participation. Students and instructors should resolve potential conflicts regarding class attendance before the semester course withdrawal deadline.

Pass-Fail Grading Option for Exercise and Leisure Activity Courses • Any student may choose to take any exercise and leisure activity course on a pass-fail basis rather than on an ABCDF-graded basis. This option is only available for exercise and leisure activity courses. The deadline for changing one’s status in a course to or from pass-fail is the course withdrawal deadline.

Grade Symbols • A final grade is the instructor’s evaluation of a student’s achievement throughout a semester’s work in a course. Factors upon which the final grade may be based include attendance, recitation, written and oral quizzes and tests, reports, papers, the final examination, and other class activities. The evaluation is expressed according to the following letter system:

<table>
<thead>
<tr>
<th>PASSING GRADES</th>
<th>FAILING GRADE</th>
<th>OTHER MARKS</th>
</tr>
</thead>
<tbody>
<tr>
<td>A Excellent</td>
<td>F Failure</td>
<td>I Incomplete</td>

<td>W Withdrawn</td>
</tr>
<tr>
<td>D Lowest passing grade</td>

</tr>
<tr>
<td>P Pass</td>

</tr>
</tbody>
</table>

Grade Points and GPA • The grade point average (GPA) is computed by dividing the number of ABCDF-graded hours attempted at The University of Mississippi into the total number of grade points earned at the University. Grade points per credit hour
are assigned as follows: A = 4; B = 3; C = 2; D = 1; F = 0. The lowest C average is defined as a GPA of 2.00. Correspondence courses are not included in the GPA calculation.

**F Grade** • The grade of F is recorded if the student has failed on the combined evaluation of work through the semester, or if the student officially withdraws from the course after the course withdrawal deadline and was failing the course at the time of withdrawal.

**P Grade** • The grade of P is recorded for a student who earns a passing grade after enrolling in an exercise and leisure activity course on a pass-fail basis. P grades are not used in computing the student’s GPA. F grades recorded for pass-fail course work are, however, computed in the GPA as F grades. The P grade is not used in determining whether a student qualifies to graduate with academic honors.

**Z Grade** • The Z grade is given to a student who earns a passing grade in certain courses for which the traditional grades of A, B, C, and D are deemed inappropriate. Courses for which the Z grade is authorized are denoted in the catalog listings; ABCD grades are not awarded in these courses. The Z grade also is given for advanced placement credit, for credit by examination as in the College Level Examination Program, for credit earned in some Study Abroad courses, and for credit based on Armed Forces experiences. Z grades are not used in computing a student’s GPA; F grades recorded for Z-graded course work are, however, computed in the GPA as F grades. The Z grade is not used in determining whether a student qualifies to graduate with academic honors.

**I Mark** • The temporary mark of I (incomplete) is given to a student when, for unusual reasons acceptable to the instructor, course requirements cannot be completed before the end of the semester. The instructor must submit an I Mark Assignment Form to the registrar detailing the work to be completed and the deadline for completion. The registrar will convey a copy to the student. COURSE FAILURE OR UNEXPLAINED CLASS ABSENCES MAY NOT BE USED AS REASONS TO ASSIGN AN I MARK. I marks are not computed in determining a student’s GPA. If an I mark for an undergraduate student has not been changed to a regular grade before the course withdrawal deadline (the 25th day of classes) of the next regular semester (excluding summer terms), the I automatically changes to an F and is computed in the GPA. AN I MARK MAY NOT BE REMOVED BY FORMALLY ENROLLING IN THE SAME COURSE IN A SUBSEQUENT SEMESTER AT THIS UNIVERSITY OR ANY OTHER INSTITUTION.

**IP Mark** • The mark of IP (in progress) may be assigned to the first course in specifically designated course sequences whose nature is such that a regular grade would not be appropriate until the conclusion of the second course. Although a student’s course load reflects registration for the first course, both credit hours and grade points for the work done in both courses are assigned only upon completion of the second course. The IP mark is permanent, but is not used in the computing the student’s GPA. Course sequences for which the IP mark is authorized are denoted in the catalog listings.

**W Mark** • The W mark is recorded if the student obtains authorization to withdraw from a course after the course withdrawal deadline and was not failing the course at the time of withdrawal. The W mark is not computed in determining the GPA.
X Mark • The mark of X is recorded for the student who enrolls as an auditor in a course and who fulfills all requirements established by the instructor for auditing students. If the student does not meet the requirements, no recording of the course is made to the student’s permanent record. The deadline for changing one’s status in a course to or from “audit” is the course withdrawal deadline.

Change of Grade • A course instructor may change a reported grade only if the original grade was incorrectly assigned due to clerical or computational error, or if a student meets the requirements for the removal of an I mark.

Repeating a Course • No course may be repeated for credit if the prior grade received was an A, B, or C unless the course is specifically authorized for repeat credit, or unless a higher grade is required as a prerequisite for a specific course. A course where the first grade received was A, B, or C may be taken again for audit credit with the consent of the instructor.

A student may repeat a course if the first grade received was D, F, Z, or P. Credit may be applied toward a degree only once, unless the course is specifically authorized for repeat credit. All grades will remain on the student’s permanent record and will be computed in the student’s overall GPA, except when the forgiveness policy is invoked.

The Forgiveness Policy • A current undergraduate student may improve his or her overall GPA by repeating a maximum of two courses in which the student received a grade of D or F, and requesting that the repeat grade be the only one counted in the GPA calculation. The repeat must be in the same course, taken at The University of Mississippi in fall 1992 or later. The student must file a Petition to Invoke Grade Forgiveness Policy with the registrar, stating which one or two courses are to be forgiven. Once the student has declared a course, a different course cannot be substituted for it at a later date. The forgiveness policy cannot be used to remove grades given for reasons of academic discipline. Forgiveness of a course grade will not change notations concerning academic standing or honors in the student’s official record for the semester containing the forgiven course.

Although both courses will remain on the student’s permanent record, the last grade received will be the one used to determine credit towards a degree and GPA. The first attempt will be recorded with both the grade earned and the symbol R to denote that it has been repeated. The recalculated GPA will be used for determining graduation honors.

Grade Reporting • Reports of final grades are mailed to University students after the close of each semester, and also are available by telephone through RSVP, and through the registrar’s online web page. Progress reports are prepared and mailed at the middle of each semester to all freshmen, and are available to other students through RSVP.
CREDIT BY EXAMINATION

A student must earn 12 hours at The University of Mississippi before any of the following credit-by-examination hours may be recorded on the student’s transcript. The total number of hours one may earn through credit-by-examination programs is 63. The grade of Z is granted for these credits.

Advanced Placement (AP) • Students who participate in the College Entrance Examination Board Advanced Placement Program offered through their high school, and who earn appropriate scores on the AP examination, will receive the following academic credit:

College Level Examination Program (CLEP) • Receiving CLEP credit in a specific degree program requires the approval of the dean and department chair concerned prior to taking the examination.

CLEP GENERAL EXAMINATIONS. Six semester hours of credit are granted in each of three General Examinations—social sciences/history, humanities, and natural sciences—to students who earn scores consistent with the American Council on Education recommendations. After earning 24 hours of college credit, a student is no longer eligible to earn credit by means of the CLEP General Examinations.

CLEP SUBJECT EXAMINATIONS. Credit is granted in accounting, American government, American history, biology, business law, chemistry, composition, economics, French, German, mathematics, psychology, sociology, Spanish, and western civilization to students who earn scores consistent with the American Council on Education recommendations concerning credit. Credit is granted in chemistry only if the student also submits a passing score on the American Chemical Society Test administered by the University’s Department of Chemistry and Biochemistry. No credit is granted for chemistry lab courses.

Advanced Standing Examination • An advanced standing examination is one taken by a student who has had the equivalent of the course under competent instruction but cannot secure credit by transcript. An Application for Special Examination Form, provided by the registrar, must be approved by the instructor giving the examination and the student’s academic dean. A fee is assessed for an advanced standing examination.

No more than 6 semester hours may be credited through advanced standing examinations. Credit by examination will not be given on work completed in high school (except for the Advanced Placement Program), or on work in excess of 65 semester hours transferred from a junior college. If a student enters a more advanced course in the subject, the advanced standing examination should precede registration for the course, and in no case may the examination be given for credit later than three weeks after entering the more advanced course.

Credit for Educational Experiences in the Armed Forces • Credit toward a degree may be granted to those students who submit to the Office of Admissions and Records a certified copy of either D.D. Form 295 or D.D. Form 214 which indicates an honorable discharge and a period of continuous active duty for at least 90 days. Four semester hours in one of the University ROTC programs, or as physical education or elective credit, will be granted for basic training or its equivalent. Upon successful completion of 18 months with the Army National Guard/Active Army Reserve, an additional 6 hours will be awarded in the Army ROTC program. An additional 12 semester hours of credit in one of the ROTC programs may be granted to students who earned a commission while in service. Additional credit for training in formal service schools will be granted on the basis of recommendations published in A GUIDE TO THE EVALUATION OF EDUCATIONAL EXPERIENCES IN THE ARMED SERVICES or the recommendations of the Commission on Accreditation of Service Experiences to the extent that the recommended credit can be evaluated as equivalent to a specific University course. The maximum credit allowed from these sources is 40 semester hours.

Credit also may be granted for correspondence courses completed through a United States Armed Forces Institute program up to the maximum of 33 semester hours for credit from all correspondence courses. Credit is not granted for correspondence courses administered by the armed services.
TRANSFER CREDIT

Evaluation of Transfer Credits • When a transfer student enrolls at the University, all transfer course work is evaluated and accepted work is recorded, without changes in grades, as part of the student’s permanent academic record.

The dean of the college or school to which the applicant is admitted determines which transfer credits will apply to the degree program. Students ordinarily receive no transfer credit for courses designed specifically for technical and vocational career programs. The status of a student’s transfer credits will be re-evaluated whenever the student changes his or her degree program.

A minimum GPA of 2.00 must be earned on all course work applied toward a bachelor’s degree, including a student’s accepted transfer and resident credits. To graduate, students also must have a minimum 2.00 GPA on all college course work attempted, as well as on all course work taken in residence at The University of Mississippi.

The limit on the acceptance of credit from a junior or community college is one-half the total requirements for graduation in a given curriculum.

Transfer of Nontraditional Credits • Transfer of credits earned in a nontraditional manner, such as credit by examination or for military experience, is determined on the same basis and by the same criteria as if the student had sought such credit originally at The University of Mississippi and without regard to the amount of credit awarded by the institution from which the student is transferring. In any case, The University of Mississippi does not transfer or award credit on the basis of ACT scores or the Achievement Tests of the College Board.

Courses Taken by a University of Mississippi Student at Another Institution • Once admitted to the University, a student must obtain written approval of his or her academic dean before taking courses at another institution with the intention of transferring credits toward a University of Mississippi degree.

A student will not receive credit for courses taken at another college or university while simultaneously attending The University of Mississippi unless prior approval is obtained from the student’s academic dean.

CORRESPONDENCE COURSES

Correspondence courses are those conducted by mail. The University of Mississippi offers correspondence courses through the Department of Independent Study. Students admitted to the University who take correspondence courses must take them through the Department of Independent Study if the courses are available. Courses not available through the Department of Independent Study may be taken by correspondence from other institutions. Correspondence course credit is considered to be nonresident credit, even if the course is taken from The University of Mississippi.
A maximum of 33 hours of correspondence courses may be applied towards a baccalaureate degree, and no more than 6 of a student’s last 21 credit hours may be correspondence course and/or transfer credits. Only correspondence courses in which a grade of A, B, C, or D has been earned may be counted towards a baccalaureate degree. The grades earned through correspondence courses will not be used in calculating the student’s semester grade point averages, and they will be treated as nonresident credits for the determination of honors designations. Each school or college may set a minimum standard for correspondence course grades required for credit to be counted towards a degree.

A correspondence course may not be used to satisfy the University Core Course mathematics requirement.

**UNDERGRADUATE CREDIT FOR GRADUATE COURSES**

Undergraduate students of junior or senior standing may enroll in 500-level courses for undergraduate credit. Students receiving undergraduate credit for a course will have lower requirements than students receiving graduate credit for the course.

**GRADUATE CREDIT FOR SENIOR UNDERGRADUATES**

Seniors within 15 semester hours of completing the requirements for the bachelor’s degree may enroll for a maximum of 3 semester hours of graduate courses at the 500 level and seniors within 12 semester hours of the bachelor’s degree may enroll for a maximum of 6 semester hours of graduate courses at the 500 level, on which graduate credit may be given towards a degree program in the Graduate School. The student must have a GPA of at least 3.00 on the last 60 hours of undergraduate work and be otherwise qualified for admission to the Graduate School. These courses must not be counted toward satisfying the requirements for the bachelor’s degree. The department chairman concerned and the dean of the Graduate School must approve the courses for graduate credit before the undergraduate enrolls in them. In no case may more than 6 semester hours be earned by an undergraduate for graduate credit. Courses taken by undergraduates for graduate credit will be designated on the transcript with the suffix G. Under no circumstances may undergraduates enroll in courses at the 600 level or above.

**ACADEMIC STANDING**

There are four different categories of academic standing based on a student’s academic performance: good standing, academic probation, academic suspension, or academic dismissal. Probation, suspension, and dismissal become effective at the end of the semester in which the student fails to attain the GPA specified in the rules following. Although the student will usually receive official notification of such action, notification is not a prerequisite to the student’s being placed on probation, suspended, or dismissed. **It is the student’s responsibility to ascertain his or her academic status prior to the beginning of each semester.**
Academic Probation • A student will be placed on academic probation when his or her cumulative GPA falls below an acceptable level as listed below. “Hours attempted” includes all previously earned credit hours (including hours transferred from other institutions; P and Z graded hours; and hours earned by examination or advanced placement) plus all attempted but unearned hours (including I, IP, L, and F graded courses).

A student who is on academic probation will continue on probation until his or her cumulative GPA reaches that required for good standing according to the number of hours attempted, or until the student’s GPA for any semester falls below 2.00 while he or she is on probation.

Academic Suspension • A student on academic probation who fails to earn a GPA of at least 2.00 in any term that he or she is on probation will be suspended. For this calculation, an I mark will be computed as an F. Readmission to the University will be denied for at least one regular semester (not including the summer term). The student will be eligible to return at the end of that semester. Both the suspension and the readmission will be recorded on the student’s permanent record. No student shall be academically suspended unless he or she has been placed on probation for at least one semester.

Academic Dismissal • If a student is on probation as a result of having returned from an academic suspension or dismissal, and fails to meet the 2.00 GPA retention standard for any semester, then he or she will be academically dismissed for one calendar year. For this calculation, an I mark will be computed as an F. The student may appeal for readmission at the end of this year; readmission will be determined by the Faculty Committee on Readmission Appeals, and is automatic for students who have been dismissed only one time. No student shall be academically dismissed from the University unless he or she has first been previously academically suspended or dismissed.

Students who have been suspended or dismissed for longer than 48 months may wish to consider the Academic Restart option described in the Admission to the University chapter.

Readmitted Students • A student who returns after an academic suspension or dismissal will automatically be on academic probation. No work earned elsewhere during the suspension or dismissal will be used either in the calculation of the candidate’s academic status, nor transferred as credit toward a degree. However, students may remove deficiencies by taking deferral courses (removing high school deficiencies) or developmental courses (such as Mathematics 100) elsewhere.

Part-time Students • Part-time students (those carrying fewer than 12 hours, graded and ungraded combined, per semester) on academic probation will stay on probation until the term in which they have attempted 12 or more hours since the last determination of status. At the end of that term, their status will be recalculated as if all the new work had been done in a single term, and a new status will be determined.
Repeated Probation • A student who has been moved from probation to good standing will be subject to new academic action in accordance with the preceding rules exactly as if the student had never been previously placed on probation, suspended, or dismissed.

DEGREE REQUIREMENTS

The following requirements are established by the University for all undergraduate degrees. The student also must complete additional requirements for each specific degree; these are established by each college and school within the University and are described elsewhere in this catalog.

University Core Curriculum • All baccalaureate degree programs offered by The University of Mississippi require the satisfactory completion of 6 hours of English composition, 3 hours of college algebra or quantitative reasoning or a more advanced mathematics course, 6 hours of laboratory science, and 15 hours of humanities, social/behavioral sciences, and fine arts (to include at least 3 hours of course work from each area), and 1 hour of University Studies1. The mathematics core course may not be taken by correspondence. The curricula for the various degree programs in the college and schools include these core requirements.

A student in any University degree program who scores 26 or above on the English portion of the ACT test, or 650 or above on the verbal portion of the SAT test, may use English 102 and 321 (Advanced Composition) to satisfy the English composition requirement instead of the regular freshman composition courses English 101 and 102. Honors students may satisfy English composition requirements by taking English 207H and 208H.

Minimum Credit Hours • All baccalaureate degree programs require at least 126 semester hours with passing grades. Students who take more than the required number of hours will designate on a Degree Application Form which courses are to be applied towards the degree.

Minimum Grade Point Average • For the award of a Bachelor’s degree from any school or college of The University of Mississippi, a student must earn a GPA of at least 2.00 on all course work submitted in fulfillment of the course requirements for the degree. In addition, the student must earn a minimum GPA of 2.00 on all course work attempted at The University of Mississippi. Finally, the student must have a minimum 2.00 GPA on all college work attempted at any institution of higher learning.

There may be additional grade requirements for the College of Liberal Arts or the professional schools. It is the student’s responsibility to check on the requirements applicable to the specific degree for which he or she is a candidate.

Residence Requirements • All course work taken at The University of Mississippi Oxford campus, or at the University’s resident centers in Tupelo, Jackson, Southaven, or other locations in Mississippi, counts as residence credit. Students participating in the International Student Exchange Program are considered to be in residence. Correspondence courses do not count as resident credit, even when taken from The University of Mississippi.

1 Until the program is fully implemented, University Studies 101 will be required only of students who matriculate with freshman standing (fewer than 27 credit hours).
At least 25 percent of the semester credit hours required for an undergraduate degree must be taken in residence at The University of Mississippi. At least 30 semester hours of residence credit must be taken in the school or college recommending the degree. Students must acquire at least 15 of their last 21 semester hours in residence at the University. That is, no more than 6 of the last 21 semester hours may be transfer or correspondence course credits.

Degree Application • Each senior must file a degree application, listing courses and credit hours to be applied towards the degree, with his or her academic dean. Deadlines for submitting this application are set by the college and schools.

Diploma Application • A candidate for graduation must submit an application for a diploma to the registrar on or before the deadline for the application for diploma, as stated in the Academic Calendar. Application is made for graduation at a specified time; if a student fails to graduate at that time, he or she must submit another application to be considered for graduation at a later date.

Commencement • Attendance at commencement exercises is required for those students who graduate at the end of spring or summer semesters. In case of hardship, a student may petition his or her academic dean to be excused. With the recommendation of the dean and the approval of the chancellor, the degree can be awarded in absentia. Students who graduate at mid-year are invited to participate in the spring commencement, but are not required to attend.

Second Bachelor’s Degree • The University of Mississippi may confer a second bachelor’s degree upon either its graduates or those of another institution when a student has completed the specific course requirements for the second degree as defined by The University of Mississippi. In addition to the credits used for the first degree, the candidate for the second bachelor’s degree must complete at least 30 semester hours in residence from the school or college recommending the degree, with a minimum 2.00 GPA for those courses.

Curriculum Changes • Whenever possible, the University allows a student to obtain a degree by completing the curriculum course requirements in the catalog in effect at the time of the first, or any subsequent, registration at The University of Mississippi or at an accredited junior, community, or senior college, provided the work is completed within six years of the publication date of the catalog used. In the case of minor changes to a specified curriculum, a school or college may require substitute courses or activities to meet the spirit of the requirements. However, in the case of substantial changes to the curriculum, the University reserves the right to require currently enrolled students to follow a new curriculum.

HONORS

Honor Roll Requirements • Undergraduate students who earn a semester GPA of 3.50-3.74 will be listed on the Dean’s Honor Roll; those who earn a semester GPA of 3.75-4.00 will be listed on the Chancellor’s Honor Roll. To be eligible for honor roll designation, a student must have completed at least 12 ABCDF-graded hours for the semester and may not be on academic probation during the semester.

Graduation with Honors • For excellent scholarship, The University of Mississippi awards bachelor’s degrees CUM LAUDE, MAGNA CUM LAUDE, and SUMMA CUM LAUDE.
General Requirements • To graduate with honors, a student must have the recommendation of the faculty, and must never have undergone disciplinary suspension, dismissal or expulsion. Graduation honors are based on a student’s cumulative GPA on all college work attempted. However, courses numbered below 100, grades which have been removed under the forgiveness policy, and grades earned before Academic Restart are not included in calculating the GPA for honors. At least 63 semester hours of work must be completed at The University of Mississippi. The required GPA must be attained on all work attempted in residence at The University of Mississippi separately considered, as well as on all college work attempted both at the University and at other institutions, including any correspondence courses taken, regardless of whether such work has been accepted for transfer credit at the University.

Cum Laude • To be eligible for a degree CUM LAUDE, a student must have a grade-point average of 3.50 or above but below 3.75 on all college work attempted.

Magna Cum Laude • To be eligible for a degree MAGNA CUM LAUDE, a student must have a grade-point average of 3.75 or above but below 3.90 on all college work attempted.

Summa Cum Laude • To be eligible for a degree SUMMA CUM LAUDE, a student must have a grade-point average of 3.90 or above on all college work attempted.

Other Academic Honors • For descriptions of academic honor societies, and awards for specific academic achievements, see the Academic Honors section of the Academic Program chapter, pages 41-54.

ACADEMIC CONDUCT

Standards of Honesty • The University is conducted on a basis of common honesty. Dishonesty, cheating or plagiarism, or knowingly furnishing false information to the University are regarded as particularly serious offenses. Disruptive behavior in an academic situation or purposely harming academic facilities also are grounds for academic discipline.

Disciplinary Procedures • In the College of Liberal Arts and in the Schools of Accountancy, Business Administration, and Education, faculty members handle cases of academic dishonesty in their classes by recommending an appropriate sanction after discussion with the student. Possible sanctions include: failure on the work in question, retake of an examination, extra work, grade reduction or failure in the course, disciplinary probation, or suspension or expulsion from the University. An appeals process is available to the student. A more complete statement concerning definitions, offenses, penalties, and grievance procedures may be found in the M BOOK under University Standards.

The Schools of Law, Pharmacy, and Engineering deal with disciplinary infractions through their student bodies, which maintain Honor Code systems.
